UNCIRCULATED SILVER DOLLAR BONANZA

Hand-picked for you based on luster, strike and surface qualities. All coins are brilliant (BUT if you like some original peripheral toning – let us know and we will see if we can help!). Not every date and mintmark look alike in grade. Some dates are typically softly struck, some always sharp; some exhibit blazing luster, some creamy surfaces. If you do not know the characteristics of each date/MM – just ask! Have fun!
